2 Reusable NIBP Cuffs

Code Rule Description

Y 0 0 0 □ □

- **1: Single tube cuff**
  2: Double tube cuff
- **Cuff type and code:**
  T: Adult thigh
  L: Large adult
  A: Adult
  S: Small adult
  C: Pediatric
  I: Infant
  N: Neonate
- **000: Serial number**
- **Y: NIBP Cuff & Connector**

Product Features

1. Gentle nylon and TPU materials cuff;
2. Soft and comfortable, low hazard to skin even if a long-term use;
3. Easy to clean, no bladder, can be cleaned and disinfected directly;
4. TPU bladder ensures good air tightness and long life;
5. Variety of connectors to fit all mainstream monitoring systems;
6. Easy-to-use range markers and index line for proper size and placement;
7. Latex free, PVC free;
8. Good biocompatibility, free from biological hazard to skin.

2.1 Reusable NIBP Bladder Cuffs

Main Features

1. Soft and comfortable, skin friendly, suitable for continuous monitoring;
2. TPU bladder ensures good air tightness and durability.

Scope of Application

For ICU, General inpatient dept.

3 Household NIBP Cuffs

Product Features

1. The jacket is made of nylon fabric, which is soft, skin-friendly and comfortable;
2. TPU inner tank, good air tightness, accurate test and long service life;
3. Clear range markings and operating steps for easy selection of the appropriate cuff and ease of use;
4. Good biocompatibility, latex free, avoid allergic reactions to patients.

7 Disposable Blood Pressure Cuffs Cover

Product Features

1. The cuff cover will help prevent cross-contamination.
2. Adopted Elastic waterproof non-woven medical material, to prevent liquids from soaking through.
3. It is soft to the skin and will still allow accurate readings.
4. Light, economical and are simply thrown away after use.
5. It offers an added level of protection that is beneficial to both the patient and the blood pressure cuff itself(to keep the cuff from getting contaminated).

Scope of Application

It is used to prevent cross-infection and protect the cuff when the reusable blood pressure cuff is used in the operating room, ICU, and clinic.

Steps for Usage

Step 1:
Wear the disposable blood pressure cuff cover on top of patient's arm.

Step 2:
Apply reusable blood pressure cuff directly over this cuff cover.

Step 3:
Follow the cuff cover index line and turn over the upper part of the cuff cover outward to cover the blood pressure cuff.
